SUMMARY OF COMMUNICATION

I ask Dan if we wanted gw monitoring done who would implement this? He said AWCM would tell him what they wanted done. I told Dan that I had talked w/ Lynn Harrington & we probably will ask for gw monitoring to be done, but that we will talk to Morby on Fri. a.m. & get w/ him & Doyle to discuss further. Dan feels that we should go with a 3013 order - I told him that we could get gw monitoring data during closure. SPFD would have to put together the 3013 & he felt based on our Mon. mtg. that they did not want to do that.

Anyway, we will discuss further on

Fri.
